**Executive Summary:**

The Administration for Children and Families' (ACF) Office of Refugee Resettlement (ORR) is accepting applications for Fiscal Year (FY) 2012 Home-based Child Care Microenterprise Development Projects (the project). ORR has supported the field of microenterprise development since 1991 with discretionary grants to various public agencies, community economic development agencies, community action and other human service agencies, local mutual assistance associations, and voluntary agencies. Organizations with successful programs have typically been those with a long-term commitment to microenterprise development. They have committed agency resources to support refugee programs and their work in refugee microenterprise development has been consistent with the overall agency mission.

This grant initiative will provide funding for home-based child care mentoring programs primarily for refugee women interested in providing child care services in their homes. This project will teach refugee women about state and federal child care laws, regulations and licensing requirements and about American cultural norms concerning child care and child development. Through this grant mentors will help refugee women in accessing and establishing agreements or contracts with State or county child care offices so the women may qualify for State or county child care reimbursement as home-based child care services providers. By encouraging refugee women to apply their new child care knowledge and skills in the job market, the project will assist refugee women in acquiring English language skills, advancing their education (e.g., attainment of General Education Diploma (G.E.D.)), learning basic financial skill, and improving their economic opportunities. In addition, the initiative will help facilitate the women's integration into their communities and U.S. society.

Projects will offer the coaching, training, support, and other resources for refugees to start home-based child care services for six to eight (or the number specified by State or county laws) children including their own. Thus, the principle objective of this project is to assist primarily refugee women to achieve economic self-sufficiency by becoming licensed child care service providers and by learning and implementing the basic required federal and state standards and eligibility requirements for

subsidized child care payments. The secondary objective of the program is to expand home-based child care business options for other refugees to enable them to enter the workforce with confidence that their children are cared for by individuals with an understanding of children's cultural background and the ability to communicate in the children's native languages in home-based child care service providers in their neighborhoods and communities. It supports the mission of ORR which affirms that newly arriving populations have inherent capabilities when given opportunities. The program is consistent with ORR's goals of providing people in need with critical resources to assist them to attain economic self-sufficiency and become contributing members of the society in the shortest time possible after arrival in the U.S.A.

## I. Funding Opportunity Description

### Statutory Authority

Section 412(c)(1)(A) of the Immigration and Nationality Act, 8 U.S.C. 1522(c)(1) (A)) authorizes the ORR Director "to make grants to, and enter into contracts with public and private non-profit agencies for projects specifically designed (i) to assist refugees in obtaining the skills which are necessary for economic self-sufficiency, including projects for job training, and other recertification services; (ii) to provide training in English where necessary (regardless of whether the refugees are employed or receiving cash or other assistance), and (iii) to provide where specific needs have been shown and recognized by the Director, health (including mental health) services, social services, educational and other services." In addition, Section 412(a)(4)(A) (i) of the INA, 8 U.S.C. 1522(a)(4)(A)(i) authorizes the Director to make loans for the purpose of carrying out this section.

### Description

#### Background:

A public or private non-profit agency interested in receiving funding under this announcement must have the organizational experience and capacity to work with refugees who may have limited English-language proficiency, financial literacy, income and assets, and business experience in the U.S. These limitations often preclude many newly arrived refugees from qualifying for commercial loans or for admission into mainstream microenterprise development programs. This project provides opportunities for entrepreneurship and self-sufficiency to a group that otherwise may not benefit from such opportunities.

Refugees bring many positive attributes to microenterprise development projects, including a diverse and rich array of business ideas, skills, experiences, and a strong desire to succeed. These characteristics have been largely responsible for the success of the ORR Microenterprise Development (MED) program. During the last 19 years, refugees have started, expanded, or strengthened more than 10,000 micro-businesses (with a business survival rate of about 88 percent). ORR grantees have provided approximately \$10 million in financing to these entrepreneurs and the agencies have used these loans to leverage an additional \$15 million in loans from other sources. The loan repayment rate is close to 100 percent. Additionally, approximately 10,000 new jobs have been created. Over 24,000 refugees have gained new entrepreneurial skills and knowledge through training and technical assistance. The additional business income is helping refugee families to achieve economic self-sufficiency and integrate into the mainstream of American life. Thus, by commonly accepted measures of performance such as business survival rates, loan default rates, etc., the ORR-funded Microenterprise Development projects have excelled and frequently led the microenterprise field in achievement.

Building on the experience of the past 19 years, ORR seeks through this announcement to continue to support this field, particularly on behalf of refugee women who, because of language and cultural barriers, little or no education, and limited skills transferable to the U.S. job market, are unlikely to gain access to capital or training through other programs in the mainstream without the assistance of refugee-serving agencies. To be successful in this competition, refugee-serving organizations must

demonstrate their organization's experience and capacity to provide the technical expertise necessary to help refugee women start home-based child care businesses.

## **Purpose and Scope**

This program will give priority to women refugees who are not gainfully employed because they do not have marketable skills in the job market. Also, it is designed to assist those women refugees who are not working because they cannot find childcare providers with an understanding of the children's backgrounds and integration challenges. There is a need in most communities for home-based child care service providers. As a child care provider, refugee women will have a pathway to self-sufficiency and will be able to provide for themselves and their families, while providing a needed service. Thus, the main purposes of the ORR home-based child care business program are: 1) to assist women refugees in becoming economically self-sufficient, 2) to help refugee communities in developing employment and capital resources, and 3) to enhance the integration of refugees into the mainstream. To achieve these purposes, applicants for home-based child care business development projects may request funds for business technical assistance, short-term training, assistance to refugee women entrepreneurs interested in starting and operating home-based child care businesses, and administrative costs associated with managing the refugee women home-based child care business.

Projects should be designed by taking into account federal and state requirements to start and manage such businesses. Also projects should be designed in a manner that is culturally and linguistically appropriate for the refugee population in general and refugee women with no or little marketable skills in the job market in particular. Applicants should also be familiar with the service needs and service gaps for home-based child care business and the availability of public and private resources to support such businesses. The applicants should describe how they will assist these entrepreneurs access such resources. Furthermore, applicants should demonstrate an understanding of the economic opportunities in the community for refugees and should have established working partnerships with the refugee resettlement services network, as well as with county and State governments responsible for human services in their area of operations.

Priority will be given to organizations focused on serving newly arrived refugees with an overall objective of promoting economic independence and integration within the community through home-based child care business development.

## **Allowable Activities**

Project components may include one-on-one consultation and training; training in classroom settings; preparing business plans, assisting clients acquire business licenses; assisting clients meet Federal, state, and licensing requirements for operating a family child care business (e.g. child abuse and criminal records); accessing public and private funds; and providing technical assistance, including record keeping, business income tax preparation, and other services that are necessary to start and operate a home-based child care business. Allowable activities include training on how to ensure the health and physical safety of children (e.g. preventing and controlling infectious disease, providing meals and snacks according to established nutrition standards, and developing an appropriate child care curriculum), and follow-up training to assure viable sustained business development.

## ***Training and Technical Assistance***

Training may include basic English language acquisition, CPR and First Aid, nutrition standards, behavior management, child-proofing in the child care setting, basic financial skills training, and family child care business management. To the extent possible, training and technical assistance services should be individualized and flexible to meet the needs of the refugee clients. Applications should clearly indicate the challenges child care service providers may encounter in becoming home-based child care service providers and how they would assist the clients in overcoming these challenges through the provision of training and technical assistance.

The project period is two years. Thus, if structured training is required and offered, it is recommended that the training be relatively short-term. Training should focus on home-based child care business management (including business plan preparation), customer service, marketing, cash-flow projections, and general small business management.

### **Sub-awards**

Grantees will provide home-based child care business entrepreneurs a one-time sub-award grant not to exceed \$3,000 to cover their start-up costs such as working capital, inventory, supplies, furniture, toys, room renovation, and other items that are necessary to start a home-based child care business. Thus, grantees will allocate a significant portion of their grant amount for sub-award grants to home-based child care business applicants to cover their start up costs.

Grantees will establish their own policies and procedures to ensure that the funds provided to the applicant are used for the intended purpose. These policies must include specific criteria upon which sub-award applications are reviewed and awarded free of conflict of interest. One of the evaluation criteria must be a sound business plan that shows a positive cash flow of the proposed home-based child care business. In addition, the sub-award applications must be reviewed and approved by an application review committee of at least three people to add fairness and objectivity to the process.

##### **Central Contractor Registration (CCR) Requirement**

Central Contractor Registration (CCR) is the Federal registrant database and repository into which an entity must provide information required for the conduct of business as a recipient. CCR, managed by the General Services Administration, collects, validates, stores, and disseminates data in support of agency financial assistance missions.

Effective October 1, 2011, HHS required all entities that plan to apply for, and ultimately receive, Federal grant funds from any HHS Agency, or receive subawards directly from recipients of those grant funds to:

- Be registered in the CCR prior to submitting an application of plan;
- Maintain an active CCR registration with current information at all times during which it has an

- active award or an application or plan under consideration by an OPDIV; and
- Provide its DUNS number in each application or plan it submits to the OPDIV.

ACF is prohibited from making an award until an applicant has complied with these requirements. At the time an award is ready to be made, if the intended recipient has not complied with these requirements, ACF:

- May determine that the applicant is not qualified to receive an award; and
- May use that determination as a basis for making an award to another applicant.

Additionally, all first-tier subaward recipients (i.e., direct subrecipient) must have a DUNS number at the time the subaward is made

CCR registration may be made online at [www.ccr.gov](http://www.ccr.gov) or by phone at 1-866-606-8220. CCR registration must be updated annually. CCR registration must be active and maintained with current information at all times during which an organization has an active award or an application under consideration.

Applicants are strongly encouraged to register at the CCR well in advance of the application due date.

### Format Requirements for Paper Applications

All application materials must be submitted on 8 ½" x 11" white paper with 1-inch margins. **All pages of the paper application submission must be sequentially numbered.** Applicants must follow the instructions provided in this section.

All elements of the application submission, with the exception of the one-page Project Summary/Abstract, the Budget Justification, required Assurances and Certifications, and proof of legal status/non-profit status, must be in double-spaced format in 12-point font. The Project Summary/Abstract is required to be one single-spaced page in 12-point font. The Budget Justification may be single-spaced page in 12-point font and should be no more than 10 pages. The font size on any scanned documents must be large enough so that it is readable.

All copies of a mailed or hand-delivered paper application must be submitted in a single package. A separate package must be submitted for application under a single funding opportunity. The package must be clearly labeled for the specific funding opportunity it is addressing.

Because each application will be duplicated, do not use or include separate covers, binders, clips, tabs, plastic inserts, maps, brochures, or any other items that cannot be processed easily on a photocopy machine with an automatic feed. Do not bind, clip, staple, or fasten in any way separate subsections of the application, including supporting documentation. Use a clip (not a staple) to securely bind the application together. Applicants are advised that the copies of the application submitted, not the original, will be reproduced by the Federal government for review. Application materials must be one-sided for duplication purposes.

Instructions on the order of assembly for paper application submissions are available under this formatting

section.

## Addresses for Submission of Paper Applications

See *Section IV.6. Other Submission Requirements* for addresses for paper application submissions.

## Page Limitations for Paper Format Application Submissions

Page limitations do not include OMB-approved Standard Forms (SFs), the one-page Project Summary/Abstract, proof of legal status/non-profit status, required Assurances and Certifications, and the Budget Justification, which should be no more than 10 single-spaced pages.

If an application exceeds the cited page limitation for double-spaced pages in the Project Description or the double-spaced page limitation cited for the Appendices, the extra pages will be removed and will not be reviewed. In addition, if an application narrative is single-spaced and/or one-and-a-half spaced (in whole or in part) the total number of these lines will be doubled. This adjustment may result in an increased total number of pages, which will be removed so that the application conforms to the cited double-spaced page limitation.

The Project Summary/Abstract is limited to one single-spaced page with 12-point font. Any pages over the one-page limit will be removed.

## Page Limitations and Content of The Project Description and Appendices for All Application Formats:

A table of contents and a project summary/abstract should be included. The application narrative is limited to 20 pages. Up to an additional 25 pages of attachments are allowed, not including letters of support, table of contents, project summary/abstract, standard forms, certifications, and budget and budget justification. Each page should be numbered sequentially, including attachments or appendices. Do not staple or in any way bind the application other than with a rubber band or a clip. Do not include books or videos as they are not easily reproduced and therefore, are inaccessible to reviewers.

## Required Forms, Assurances, and Certifications

**Applicants seeking grant or cooperative agreement awards under this announcement must submit the listed Standard Forms (SFs), assurances, and certifications with the application.** All required Standard Forms, assurances, and certifications are available at [ACF Funding Opportunities Forms](#) or at the [Grants.gov Forms Repository](#) unless specified otherwise.

### **Non-Federal Reviewers**

Since ACF will be using non-Federal reviewers in the review process, applicants have the option of omitting from the application copies (not the original) specific salary rates or amounts for individuals specified in the application budget as well as Social Security Numbers, if otherwise required for individuals. The copies may include summary salary information. If applicants are submitting their application electronically, ACF will omit the same specific salary rate information from copies made for

use during the review and selection process.

## The Project Description

### The Project Description Overview

The project description provides the majority of information by which an application is evaluated and ranked in competition with other applications for available assistance. The project description should be concise and complete. It should address the activity for which Federal funds are being requested. Supporting documents should be included where they can present information clearly and succinctly. In preparing the project description, information that is responsive to each of the requested evaluation criteria must be provided. Awarding offices use this and other information in making their funding recommendations. It is important, therefore, that this information be included in the application in a manner that is clear and complete.

### General Expectations and Instructions

ACF is particularly interested in specific project descriptions that focus on outcomes and convey strategies for achieving intended performance. Project descriptions are evaluated on the basis of substance and measurable outcomes, not length. Extensive exhibits are not required. Cross-referencing should be used rather than repetition. Supporting information concerning activities that will not be directly funded by the grant or information that does not directly pertain to an integral part of the grant-funded activity should be placed in an appendix.

## General Instructions for Preparing a Full Project Description

### Introduction

Applicants that are required to submit a full project description shall prepare the project description statement in accordance with the following instructions while being aware of the specified evaluation criteria. The topics listed in this section provide a broad overview of what the project description should include while the Criteria in *Section V.1.* identify the measures that will be used to evaluate applications.

### Table of Contents

List the contents of the application including corresponding page numbers.

### Project Summary/Abstract

Provide a summary of the application's project description. The summary must be clear, accurate, concise, and without reference to other parts of the application. The abstract must include a brief description of the proposed grant project including the needs to be addressed, the proposed services, and the population group(s) to be served.

Please place the following at the top of the abstract:

- Project Title
- Applicant Name
- Address
- Contact Phone Numbers (Voice, Fax)
- E-Mail Address
- Web Site Address, if applicable

The project abstract must be single-spaced and limited to one page in length.

### Objectives And Need For Assistance

Clearly identify the physical, economic, social, financial, institutional, and/or other problem(s) requiring a solution. The need for assistance including the nature and scope of the problem must be demonstrated, and the principal and subordinate objectives of the project must be clearly and concisely stated; supporting documentation, such as letters of support and testimonials from concerned interests other than the applicant, may be included. Any relevant data based on planning studies or needs assessments should be included or referred to in the endnotes/footnotes. Incorporate demographic data and participant/beneficiary information, as needed. In developing the project description, the applicant may volunteer or be requested to provide information on the total range of projects currently being conducted and supported (or to be initiated), some of which may be outside the scope of the program announcement.

## **Outcomes Expected**

Identify the outcomes to be derived from the project.

This project is designed to assist primarily those refugee women who need a home-based source of income and those women who are not working because they cannot find culturally suitable child care. Therefore, as part of the project description, applicant must state:

- The anticipated number of refugees who will receive training in basic English language, First Aid, CPR, nutrition standards, child care curriculum development and prevention and control of infectious diseases;
- The anticipated number of refugees who will get assistance in obtaining personal and/or business licenses allowing the establishment of a family-run child care business;
- The amount of subaward grants refugees will receive to start home-based child care businesses;
- The amount of financial assistance refugee home-based child care business owners will receive from counties on behalf of low-income families with children;
- The anticipated number of refugees who will be able to go to work because they could keep their children in the family child care business;
- The anticipated number of refugees that will be taken out of public assistance like TANF as a result of the project;
- The anticipated number of businesses started/sustained at the end of the grant period; and
- The projected income of successful businesses.

## **Approach**

Outline a plan of action that describes the scope and detail of how the proposed work will be accomplished. Account for all functions or activities identified in the application. Cite factors that might accelerate or decelerate the work and state your reason for taking the proposed approach rather than others. Describe any unusual features of the project such as design or technological innovations, reductions in cost or time, or extraordinary social and community involvement.

Provide quantitative monthly or quarterly projections of the accomplishments to be achieved for each function or activity in such terms as the number of people to be served and the number of activities accomplished. Data may be organized and presented as project tasks and subtasks with their corresponding timelines during the project period. For example, each project task could be assigned to a row in the first column of a grid. Then, a unit of time could be assigned to each subsequent column, beginning with the first unit (i.e., week, month, quarter) of the project and ending with the last. Shading, arrows, or other markings could be used across the applicable grid boxes or cells, representing units of time, to indicate the approximate duration and/or frequency of each task and its start and end dates within the project period.

When accomplishments cannot be quantified by activity or function, list them in chronological order to show the schedule of accomplishments and their target dates.

Provide a list of organizations, cooperating entities, consultants, or other key individuals who will work on the project, along with a short description of the nature of their effort or contribution.

## **Evaluation**

Provide a narrative addressing how the conduct of the project and its results will be evaluated. In addressing the evaluation of results, state what measures will be used to determine the extent to which the project has achieved its stated objectives and the extent to which the accomplishment of objectives can be attributed to the project. Discuss the criteria to be used to evaluate results, and explain the methodology that will be used to determine if the needs identified and discussed are being met and if the project results and benefits are being achieved. With respect to the conduct of the project, define the procedures to be employed to determine whether the project is being conducted in a manner consistent with the work plan presented and discuss the impact of the project's various activities that address the project's effectiveness.

## **Geographic Location**

Describe the precise location of the project and boundaries of the area to be served by the proposed project. Maps or other graphic aids may be attached.

## **Legal Status of Applicant Entity**

Applicants must provide the following documentation of their legal status:

### **Proof of Non-Profit Status**

Non-profit organizations applying for funding are required to submit proof of their non-profit status. Proof of non-profit status is any one of the following:

- A reference to the applicant organization's listing in the IRS's most recent list of tax-exempt organizations described in the IRS Code.
- A copy of a currently valid IRS tax-exemption certificate.
- A statement from a State taxing body, State attorney general, or other appropriate State official certifying that the applicant organization has non-profit status and that none of the net earnings accrue to any private shareholders or individuals.
- A certified copy of the organization's certificate of incorporation or similar document that clearly establishes non-profit status.
- Any of the items in the subparagraphs immediately above for a State or national parent organization and a statement signed by the parent organization that the applicant organization is a local non-profit affiliate.

When applying electronically, proof of non-profit status may be submitted as an attachment; however, proof of non-profit status must be submitted prior to award.

## **Logic Model**

Applicants are expected to use a model for designing and managing their project. A logic model is a tool that presents the conceptual framework for a proposed project and explains the linkages among program elements. While there are many versions of the logic model, they generally summarize the logical connections among the needs that are the focus of the project, project goals and objectives, the target population, project inputs (resources), the proposed activities/processes/outputs directed toward the target population, the expected short- and long-term outcomes the initiative is designed to achieve, and the evaluation plan for measuring the extent to which proposed processes and outcomes actually occur.

## **Organizational Capacity**

- Organizational charts
- Board of Directors
- Audit reports or statements from Certified Public Accountants/Licensed Public Accountants
- Contact persons and telephone numbers
- Documentation of experience in the program area
- Any other pertinent information the applicant deems relevant.

Provide a biographical sketch or resume for each key person appointed. Resumes should be no more than two pages in length. Job descriptions for each vacant key position should be included as well. As new key staff are appointed, biographical sketches or resumes will also be required.

### **Protection of Sensitive and/or Confidential Information**

If any confidential or sensitive information will be collected during the course of the project, whether from staff (e.g., background investigations) or project participants and/or project beneficiaries, provide a description of the methods that will be used to ensure that confidential and/or sensitive information is properly handled and safeguarded. Also provide a plan for the disposition of such information at the end of the project period.

### **Dissemination Plan**

Provide a plan for distributing reports and other project outputs to colleagues and to the public. Applicants must provide a description of the method, volume, and timing of distribution.

### **Third-Party Agreements**

Provide written and signed agreements between grantees and subgrantees, or subcontractors, or other cooperating entities. These agreements must detail the scope of work to be performed, work schedules, remuneration, and other terms and conditions that structure or define the relationship.

### **Letters Of Support**

Provide statements from community, public, and commercial leaders that support the project proposed for funding. All submissions should be included in the application package or by the application deadline.

### **The Project Budget and Budget Justification**

All applicants are required to submit a project budget and budget justification with their application. The project budget is input on the Budget Information Standard Form, either SF-424A or SF-424C. The budget justification is a line-item detail that includes detailed calculations for "object class categories" identified on the Budget Information Standard Form. Calculations must include estimation methods, quantities, unit costs, and other similar quantitative detail sufficient for the calculation to be duplicated. If matching or cost sharing is a requirement, applicants must include a detailed listing of any funding sources identified in Block 18 of the SF-424 (Application for Federal Assistance).

Project budget Standard Forms and the budget justification will not count toward page limitations; however, the justification should be no more than 10 single-spaced pages with fonts of no less than 12-points.

***Special Note: The Consolidated Appropriations Act, 2012 (Pub.L. 112-74), enacted December 23, 2011, limits the salary amount that may be awarded and charged to ACF grants and cooperative agreements. Award funds issued under this announcement may not be used to pay the salary, or any percentage of salary, to an individual at a rate in excess of Executive Level II. The Executive Level II salary of the Federal Executive Pay scale is \$179,700***

(<http://www.opm.gov/oca/12tables/html/ex.asp>). This amount reflects an individual's base salary **exclusive** of fringe and any income that an individual may be permitted to earn outside of the duties to the applicant organization. This salary limitation also applies to subawards/subcontracts under a ACF grant or cooperative agreement.

Provide a narrative budget justification for the first year of the proposed project. The narrative budget justification should describe how the categorical costs are derived. Discuss the necessity, reasonableness, and allocation of the proposed costs.

## **General**

Use the following guidelines for preparing the budget and budget justification. Both Federal and non-Federal resources (when required) shall be detailed and justified in the budget and budget narrative justification. "Federal resources" refers only to the ACF grant funds for which you are applying. "Non-Federal resources" are all other non-ACF Federal and non-Federal resources. It is suggested that budget amounts and computations be presented in a columnar format: first column, object class categories; second column, Federal budget; next column(s), non-Federal budget(s); and last column, total budget. The budget justification should be in a narrative form.

## **Personnel**

Description: Costs of employee salaries and wages.

Justification: Identify the project director or principal investigator, if known at the time of application. For each staff person, provide: the title; time commitment to the project in months; time commitment to the project as a percentage or full-time equivalent; annual salary; grant salary; wage rates; etc. Do not include the costs of consultants, personnel costs of delegate agencies, or of specific project(s) and/or businesses to be financed by the applicant.

## **Fringe Benefits**

Description: Costs of employee fringe benefits unless treated as part of an approved indirect cost rate.

Justification: Provide a breakdown of the amounts and percentages that comprise fringe benefit costs such as health insurance, Federal Insurance Contributions Act (FICA) taxes, retirement insurance, taxes, etc.

## **Travel**

Description: Costs of project-related travel by employees of the applicant organization. (This item does not include costs of consultant travel).

Justification: For each trip show: the total number of traveler(s); travel destination; duration of trip; per diem; mileage allowances, if privately owned vehicles will be used to travel out of town; and other transportation costs and subsistence allowances. If appropriate for this project, travel costs for key staff to attend ACF-sponsored workshops should be detailed in the budget.

## **Equipment**

Description: "Equipment" means an article of nonexpendable, tangible personal property having a useful life of more than one year and an acquisition cost that equals or exceeds the lesser of: (a) the capitalization level established by the organization for the financial statement purposes, or (b) \$5,000. (Note: Acquisition cost means the net invoice unit price of an item of equipment, including the cost of any modifications, attachments, accessories, or auxiliary apparatus necessary to make it usable for the purpose for which it is acquired. Ancillary charges, such as taxes, duty, protective in-transit insurance,

freight, and installation, shall be included in or excluded from acquisition cost in accordance with the organization's regular written accounting practices.)

Justification: For each type of equipment requested provide: a description of the equipment; the cost per unit; the number of units; the total cost; and a plan for use on the project; as well as use and/or disposal of the equipment after the project ends. An applicant organization that uses its own definition for equipment should provide a copy of its policy, or section of its policy, that includes the equipment definition.

### **Supplies**

Description: Costs of all tangible personal property other than that included under the Equipment category.

Justification: Specify general categories of supplies and their costs. Show computations and provide other information that supports the amount requested.

### **Contractual**

Description: Costs of all contracts for services and goods except for those that belong under other categories such as equipment, supplies, construction, etc. Include thirdparty evaluation contracts, if applicable, and contracts with secondary recipient organizations, including delegate agencies and specific project(s) and/or businesses to be financed by the applicant.

Justification: Demonstrate that all procurement transactions will be conducted in a manner to provide, to the maximum extent practical, open and free competition. Recipients and subrecipients, other than States that are required to use 45 CFR Part 92 procedures, must justify any anticipated procurement action that is expected to be awarded without competition and exceeds the simplified acquisition threshold fixed at 41 U.S.C. 403(11), currently set at \$100,000. Recipients may be required to make pre-award review and procurement documents, such as requests for proposals or invitations for bids, independent cost estimates, etc. available to ACF.

Note: Whenever the applicant intends to delegate part of the project to another agency, the applicant must provide a detailed budget and budget narrative for each delegate agency, by agency title, along with the same supporting information referred to in these instructions.

### **Other**

Description: Enter the total of all other costs. Such costs, where applicable and appropriate, may include but are not limited to: local travel; insurance; food; medical and dental costs (noncontractual); professional services costs; space and equipment rentals; printing and publication; computer use; training costs, such as tuition and stipends; staff development costs; and administrative costs.

Justification: Provide computations, a narrative description and a justification for each cost under this category.

### **Indirect Charges**

Description: Total amount of indirect costs. This category should be used only when the applicant currently has an indirect cost rate approved by the Department of Health and Human Services (HHS) or another cognizant Federal agency.

Justification: An applicant that will charge indirect costs to the grant must enclose a copy of the current rate agreement. If the applicant organization is in the process of initially developing or renegotiating a

rate, upon notification that an award will be made, it should immediately develop a tentative indirect cost rate proposal based on its most recently completed fiscal year, in accordance with the cognizant agency's guidelines for establishing indirect cost rates, and submit it to the cognizant agency. Applicants awaiting approval of their indirect cost proposals may also request indirect costs. When an indirect cost rate is requested, those costs included in the indirect cost pool should not be charged as direct costs to the grant. Also, if the applicant is requesting a rate that is less than what is allowed under the program, the authorized representative of the applicant organization must submit a signed acknowledgement that the applicant is accepting a lower rate than allowed.

## Paperwork Reduction Disclaimer

As required by the Paperwork Reduction Act, 44 U.S.C. §§ 3501-3520, the public reporting burden for the Project Description is estimated to average 40 hours per response, including the time for reviewing instructions, gathering and maintaining the data needed, and reviewing the collection information. The Project Description information collection is approved under OMB control number 0970-0139, which expires 11/30/2012. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

## Application Submission Options

### Electronic Submission via [www.Grants.gov](http://www.Grants.gov)

- Electronic applications must be submitted to [www.Grants.gov](http://www.Grants.gov) by 11:59 p.m., ET, on the due date.
- A DUNS Number and current registration at the Central Contractor Registry (CCR) are required. DUNS and CCR registration are part of the [www.Grants.gov](http://www.Grants.gov) registration process. See "Get Registered" at [http://grants.gov/applicants/get\\_registered.jsp](http://grants.gov/applicants/get_registered.jsp).
- ACF will not accept applications via facsimile or email.
- The electronic application can be downloaded from [www.Grants.gov](http://www.Grants.gov).
- It is to an applicant's advantage to submit their applications **at least 24 hours** in advance of the application due date and time in order to correct any failures found during the application validation check.
- Electronic submission at [www.Grants.gov](http://www.Grants.gov) is two-step process:
  - Submission by the due date and time.
  - Application validation check.
- Electronically submitted applications will not pass the validation check at Grants.gov if the AOR does not have a current CCR registration and electronic signature credentials.
- **Read and observe all application submission requirements provided at [http://www.grants.gov/applicants/apply\\_for\\_grants.jsp](http://www.grants.gov/applicants/apply_for_grants.jsp).**
- Observe the formatting requirements and page limitations provided in the *Section IV.2. Formatting ACF Applications* section for electronic applications.
- Carefully read and observe electronic file naming conventions provided in the application submission instructions at [http://www.grants.gov/applicants/apply\\_for\\_grants.jsp](http://www.grants.gov/applicants/apply_for_grants.jsp).
- Use only file formats supported by ACF. See *Section IV.2. Formatting ACF Applications*.
- Additional guidance on the submission of electronic applications can be found at [http://www.grants.gov/assets/Organization\\_Steps\\_Complete\\_Registration.pdf](http://www.grants.gov/assets/Organization_Steps_Complete_Registration.pdf).
- If applicants encounter any technical difficulties in using [www.Grants.gov](http://www.Grants.gov), contact the Grants.gov Contact Center at: 1-800-518-4726, or by email at [support@grants.gov](mailto:support@grants.gov), to report the problem and obtain assistance. Hours of Operation: 24 hours a day, 7 days a week. The Grants.gov Contact Center is closed on Federal holidays.
- Applicants should retain Grants.gov Contact Center service ticket number(s) as they may be needed for future reference.

- Applicants that submit their applications electronically should retain a hard copy of their application package.
- **Contact with the Grants.gov Contact Center prior to the listed due date and time does not ensure acceptance of your application. If difficulties are encountered, the Grants Management Officer listed in Section VII. Agency Contacts will determine whether the submission issues are due to Grants.gov system errors or user error.**

### **Application Validation at [www.Grants.gov](http://www.Grants.gov)**

The difference between a submission receipt and submission validation is after an applicant submits an application, Grants.gov generates a submission receipt via email and also sets the application status to "Received." This receipt verifies the application has been successfully delivered to the Grants.gov system.

Next, Grants.gov verifies the submission is valid by ensuring it does not contain viruses, the opportunity is still open, and the applicant login and applicant DUNS number match. If the submission is valid, Grants.gov generates a submission validation receipt via email and sets the application status to "Validated."

If the application is not validated, the application status is set to "Rejected." The system sends a rejection email notification to the applicant and the applicant must re-submit the application package. See "[What to Expect After Submitting](#)" at [www.Grants.gov](http://www.Grants.gov) for more information.

Each time an application is submitted, or resubmitted, via [www.Grants.gov](http://www.Grants.gov), the application will receive a new date and time stamp. Only those applications with on-time date and time stamps that result in a validated application, which are transmitted to ACF, will be acknowledged.

Applicants will be provided with an acknowledgement from [www.Grants.gov](http://www.Grants.gov) that the submitted application package has passed, or failed, a series of checks and validations. Applications that are submitted on time that fail the validation check will not be transmitted to ACF and will not be acknowledged.

### **Request an Exemption from Required Electronic Application Submission**

ACF recognizes that some applicants may have limited or no Internet access, and/or limited computer capacity, which may prohibit them from uploading large files to the Internet at [www.Grants.gov](http://www.Grants.gov). To accommodate such applicants, ACF offers an exemption from required electronic submission. The exemption will allow applicants to submit hard copy, paper applications by hand-delivery, applicant courier, overnight/express mail couriers, or by other representatives of the applicant.

To receive an exemption from required electronic application submission, applicants must submit a written request to ACF stating that the applicant qualifies for the exemption for one of two reasons:

- Lack of Internet access or Internet connection, or
- Limited computer capacity that prevents the uploading of large documents (files) to the Internet at [www.Grants.gov](http://www.Grants.gov).

Applicants may request and receive the exemption from required electronic application submission by either:

- Submitting an email request to [electronicappexemption@acf.hhs.gov](mailto:electronicappexemption@acf.hhs.gov), or
- Sending a written request to the Office of Grants Management Contact listed in *Section VII. Agency Contacts* in this announcement.

An exemption is applicable to all applications submitted by the applicant organization during the Federal Fiscal Year (FFY) in which it is received. Applicants need only request an exemption once in a FFY.

Applicants will need to request a new exemption from required electronic submission for any succeeding FFY.

**Please Note:** [electronicappexemption@acf.hhs.gov](mailto:electronicappexemption@acf.hhs.gov) may be used only to request an exemption from required application submission. All other inquiries must be directed to the appropriate Agency Contact listed in *Section VII.* of this announcement. Queries other than requests for approval of an exemption to allow submission of an application in paper format submitted to this email address will not be acknowledged or answered.

Exemption requests by email to [electronicappexemption@acf.hhs.gov](mailto:electronicappexemption@acf.hhs.gov) and by postal mail must include:

- Funding Opportunity Announcement Title,
- Funding Opportunity Number (FON),
- The listed Catalog of Federal Domestic Assistance (CFDA) number,
- Name of Applicant Organization and DUNS Number,
- AOR name and contact information,
- Name and contact information of person to be contacted on matters involving the application, and
- The reason for which the applicant is requesting an exemption from electronic application submission. The reason must be either the lack of Internet access or connection, or lack of computer capacity that prevents uploading large documents (files) to the Internet.

Exemption requests must be *received by* ACF no later than two weeks before the application due date, that is, 14 calendar days prior to the application due date listed in the *Overview* and in *Section IV.3. Submission Dates and Times*. If the fourteenth calendar day falls on a weekend or Federal holiday, the due date for receipt of an exemption request will move to the next Federal business day that follows the weekend or Federal holiday.

Applicants may refer to *Section VIII. Other Information* for a checklist of application requirements that may be used in developing and organizing application materials. Details concerning acknowledgment of received applications are available in *Section IV.3. Submission Dates and Times* of this announcement.

## Paper Format Application Submission

**An exemption is now required for the submission of paper applications. See "Request an Exemption from Required Electronic Application Submission."**

Applicants with exemptions that submit their applications in paper format, by mail or delivery, must submit one original and two copies of the complete application with all attachments. The original and each of the two copies must include all required forms, certifications, assurances, and appendices, be signed by the AOR, and be unbound. The original copy of the application must have original signature(s). See *Section IV.6* of this announcement for address information for paper format application submissions.

Applications submitted in paper format must show a DUNS Number. A DUNS Number is a nine-digit number established and assigned by Dun and Bradstreet, Inc. (D&B) to uniquely identify business entities. A DUNS number may be acquired at no cost online at <http://www.dnb.com>. To acquire a DUNS number by phone, contact the D&B Government Customer Response Center: U.S. and U.S Virgin Islands: 1-866-705-5711; Alaska and Puerto Rico: 1-800-234-3867 (Select Option 2, then Option 1). Monday through Friday 7 a.m. to 8 p.m., CST.

As of October 1, 2010, all applicants for Federal grants and cooperative agreements, including those that apply in paper format, are required to have Central Contractor Registration (CCR). CCR registration is also required for organizations that will receive subawards under Federal grants and cooperative agreements. CCR registration may be made online at [www.ccr.gov](http://www.ccr.gov) or by phone at 1-866-606-8220.

CCR registration must be updated annually from the date of the initial registration. CCR registration is required to be active throughout the period of award. Lack of CCR registration will prevent ACF from making an award to a recommended applicant.

**There is the possibility of heavy traffic at the CCR website at application due dates. Therefore, applicants are strongly encouraged to register at the CCR well in advance of the application due date. CCR registration must be updated annually. CCR registration must be active and maintained with current information at all times during which an organization has an active award or an application under consideration.**

Applicants may refer to *Section VIII. Other Information* for a checklist of application requirements that may be used in developing and organizing application materials. Details concerning acknowledgment of received applications are available in *Section IV.3. Submission Dates and Times* in this announcement.

### **V. Application Review Information**

#### **V.1. Criteria**

Applications competing for financial assistance will be reviewed and evaluated using the criteria described in this section. The corresponding point values indicate the relative importance placed on each review criterion. Points will be allocated based on the extent to which the application proposal addresses each of the criteria listed. Applicants should address these criteria in their application materials, particularly in the project description and budget justification, as they are the basis upon which competing applications will be judged during the objective review. The required elements of the project description and budget justification may be found in *Section IV.2* of this announcement.

**OBJECTIVES AND NEED FOR ASSISTANCE**

**Maximum Points: 20**

The application should establish a clear statement of need for the project, i.e., the need for home-based child care services and the service gap that currently exists in the proposed project area; a description of the prospective refugee communities' profile with respect to welfare utilization, English proficiency, length of time in the U.S., interest in establishing home-based child care businesses, integration, and the description of local capital needs and capital market gaps for refugee women who wish to be home-based child care business entrepreneurs, including a clear explanation of why the capital needs of refugees to establish home-based child care businesses cannot be met by mainstream financial service providers; description of levels of refugee welfare dependence and self-sufficiency, opportunities for refugee women who wish to be home-based child care business owners, available resources for development of such businesses, and how the applicant proposes to access the resources.

Priority will be given to organizations focused on serving newly arrived communities with an overall objective of promoting integration within the community through home-based child care business development.

### **APPROACH**

**Maximum Points: 25**

The application should describe the adequacy and appropriateness of the program approach or design, including a detailed description of proposed activities (outreach, training, pre-subaward grant technical assistance, providing subaward grant, and post-subaward grant technical assistance), time-frames, and benchmarks; how the applicant will aid the small business entrepreneur and provide guidance and technical assistance plan the applicant will put in place in order to ensure the successful implementation of the project.

### **BUDGET AND BUDGET JUSTIFICATION**

**Maximum Points: 15**

The appropriateness and reasonableness of the proposed budget. Applicants should show the breakdown of the proposed budget among subaward grants to home-based child care service providers, administrative costs, training and technical assistance. Applicants should also show the amount of funds they expect to receive from county and State governments as reimbursement for childcare fees. The budget must be consistent with the narrative description of the application. The overall clarity and presentation of the budget and its cost effectiveness in relation to the proposed activities and anticipated results will be given great weight in evaluating the application. The application should include a detailed budget and budget justification supporting each budget line item for the first year of the project cycle and a lump sum budget forecast for the second year of the project.

### **ORGANIZATIONAL PROFILES**

**Maximum Points: 20**

The application should describe the organizational and management capacity, including factors such as staffing, volunteers, and partners and their bilingual/bicultural background and experience of serving refugees and other economically disadvantaged populations; a description of experience in managing grants of similar type and size; a description of experience in providing refugee women home-based microenterprise development services, including the experience and/or the ability of the organization to obtain funds for the microenterprise development program from other sources. The application should include a description of results achieved under any previous microenterprise program or similar projects; detailed description of the organizations accounting and internal control system to effectively administer the project and experience in collaboration with the specific refugee community(ies) and coalition building experience among refugee and non-refugee service providers. If appropriate, written agreements between the applicant and sub-grantees or other cooperating entities detailing work to be performed, remunerations to be paid, and other terms and conditions that define the relationship should

be provided.

## RESULTS OR BENEFITS EXPECTED

**Maximum Points: 20**

The application should include the expected specific, measurable, deliverable goals and outcomes such as the number of refugees who will be trained in basic English Language, first aid, CPR, nutrition standards, child care curriculum development and prevention and control of infectious diseases, and home-based child care business management; the number of refugees who will get assistance in acquiring personal and/or business licenses or other local and State requirements to start home-based child care businesses; the amount of subaward grants refugee women home-based child care business service providers will receive; the amount of financial assistance refugees will receive from counties and State governments for low-income families with children for the care of their children; the number of refugees who will be able to work because they can leave their children in the home-based child care service providers in their neighborhood; and the estimated number of refugees who will terminate public assistance programs, like TANF as a result of the project.

## V.2. Review and Selection Process

No grant award will be made under this announcement on the basis of an incomplete application. No grant award will be made to an applicant that does not have an active CCR registration ([www.ccr.gov](http://www.ccr.gov) or 1-866-606-8220).

### Initial ACF Screening

Each application will be screened to determine whether it meets one of the following disqualification criteria as described in *Section III.3. Application Disqualification Factors*:

- Applications that are designated as late according to *Section IV.3. Submission Dates and Times*,
- Applications that are submitted in paper format without prior approval of an exemption from required electronic submission (*Section IV.2. Request an Exemption from Required Electronic Application Submission*), or
- Applications with requests that exceed the award ceiling stated in *Section II. Award Information*.

For those applications that have been disqualified under the initial ACF screening, notice will be provided by postal mail or by email. See *Section IV.3. Explanation of Due Dates* for information on Grants.gov's and ACF's acknowledgment of received applications.

### Objective Review and Results

Applications competing for financial assistance will be reviewed and evaluated by objective review panels using the criteria described in *Section V.1. Criteria* of this announcement. Each panel is composed of experts with knowledge and experience in the area under review. Generally, review panels include three reviewers and one chairperson.

Results of the competitive objective review are taken into consideration by ACF in the selection of projects for funding; however, objective review scores and rankings are not binding. They are one element in the decision-making process.

ACF may elect not to fund applicants with management or financial problems that would indicate an inability to successfully complete the proposed project. Applications may be funded in whole or in part. Successful applicants may be funded at an amount lower than that requested. ACF reserves the right to consider preferences to fund organizations serving emerging, unserved, or under-served populations, including those populations located in pockets of poverty. ACF will also consider the geographic

distribution of Federal funds in its award decisions.

Please refer to *Section IV.2.* of this announcement for information on non-Federal reviewers in the review process.

### **Approved but Unfunded Applications**

Applications recommended for approval that were not funded under the competition because of the lack of available funds may be held over by ACF and reconsidered in a subsequent review cycle if a future competition under the program area is planned. These applications will be held over for a period of up to one year and will be recompeted for funding with all other competing applications in the next available review cycle. For those applications that have been deemed as approved but unfunded, notice will be given of such determination by postal mail.

### **V.3. Anticipated Announcement and Award Dates**

Announcement of awards and the disposition of applications will be provided to applicants at a later date.

## **VI. Award Administration Information**

### **VI.1. Award Notices**

Successful applicants will be notified through the issuance of a Notice of Award (NoA) that sets forth the amount of funds granted, the terms and conditions of the grant, the effective date of the grant, the budget period for which initial support will be given, the non-Federal share to be provided (if applicable), and the total project period for which support is contemplated. The NoA will be signed by the Grants Officer and transmitted via postal mail or email. Following the finalization of funding decisions, organizations whose applications will not be funded will be notified by letter signed by the cognizant Program Office head. Any other correspondence that announces to a Principal Investigator, or a Project Director, that an application was selected is not an authorization to begin performance.

Project costs that are incurred prior to the receipt of the NoA are at the recipient's risk and may be reimbursed only to the extent that they are considered allowable as approved pre-award costs. Information on allowable pre-award costs and the time period under which they may be incurred is available in *Section IV.5. Funding Restrictions*.

### **VI.2. Administrative and National Policy Requirements**

Awards issued under this announcement are subject to the uniform administrative requirements and cost principles of 45 C.F.R. Part 74 (Awards And Subawards To Institutions Of Higher Education, Hospitals, Other Nonprofit Organizations, And Commercial Organizations) or 45 C.F.R. Part 92 (Grants And Cooperative Agreements To State, Local, And Tribal Governments). The Code of Federal Regulations (C.F.R.) is available at <http://www.gpo.gov>.

An application funded with the release of Federal funds through a grant award does not constitute, or imply, compliance with Federal regulations. Funded organizations are responsible for ensuring that their activities comply with all applicable Federal regulations.

### **Prohibition Against Profit**

Grantees are subject to the limitations set forth in 45 C.F.R. Part 74, Subpart E-Special Provisions for

Awards to Commercial Organizations (45 C.F.R. Part 74.81\_Prohibition against profit), which states that, "... no HHS funds may be paid as profit to any recipient even if the recipient is a commercial organization. Profit is any amount in excess of allowable direct and indirect costs."

## **Equal Treatment for Faith-Based Organizations**

Grantees are also subject to the requirements of 45 C.F.R. Part 87.1(c), Equal Treatment for Faith-Based Organizations, which says, "Organizations that receive direct financial assistance from the [Health and Human Services] Department under any Department program may not engage in inherently religious activities such as religious instruction, worship, or proselytization as part of the programs or services funded with direct financial assistance from the Department." Therefore, organizations must take steps to completely separate the presentation of any program with religious content from the presentation of the Federally funded program by time or location *in such a way that it is clear that the two programs are separate and distinct.* If separating the two programs by time but presenting them in the same location, one program must *completely* end before the other program begins.

A faith-based organization receiving HHS funds retains its independence from Federal, State, and local governments, and may continue to carry out its mission, including the definition, practice, and expression of its religious beliefs. For example, a faith-based organization may use space in its facilities to provide secular programs or services funded with Federal funds without removing religious art, icons, scriptures, or other religious symbols. In addition, a faith-based organization that receives Federal funds retains its authority over its internal governance, and it may retain religious terms in its organization's name, select its board members on a religious basis, and include religious references in its organization's mission statements and other governing documents in accordance with all program requirements, statutes, and other applicable requirements governing the conduct of HHS funded activities.

Regulations pertaining to the Equal Treatment for Faith-Based Organizations, which includes the prohibition against Federal funding of inherently religious activities, Understanding the Regulations Related to the Faith-Based and Neighborhood Partnerships Initiative" are available at <http://www.hhs.gov/partnerships/about/regulations/>. Additional information, resources, and tools for faith-based organizations is available through The Center for Faith-based and Neighborhood Partnerships website at <http://www.hhs.gov/partnerships/index.html> and at the [Administration for Children & Families: Toolkit for Faith-based and Community Organizations](#).

## **Award Term and Condition under the Trafficking Victims Protection Act of 2000**

Awards issued under this announcement are subject to the requirements of Section 106 (g) of the Trafficking Victims Protection Act of 2000, as amended (22 U.S.C. § 7104). For the full text of the award term, go to [http://www.acf.hhs.gov/grants/award\\_term.html](http://www.acf.hhs.gov/grants/award_term.html). If you are unable to access this link, please contact the Grants Management Contact identified in *Section VII. Agency Contacts* of this announcement to obtain a copy of the term.

## **Requirements for Drug-Free Workplace**

The Drug-Free Workplace Act of 1988 (41 U.S.C. § 701 et seq.) requires that all organizations receiving grants from any Federal agency agree to maintain a drug-free workplace. By signing the application, the Authorizing Official agrees that the grantee will provide a drug-free workplace and will comply with the requirement to notify ACF if an employee is convicted of violating a criminal drug statute. Failure to comply with these requirements may be cause for debarment. Government wide requirements for Drug-Free Workplace for Financial Assistance are found in 2 C.F.R. part 182; HHS implementing regulations are set forth in 2 C.F.R. part 382.400. All recipients of ACF grant funds must comply with the

requirements in Subpart B - Requirements for Recipients Other Than Individuals, 2 C.F.R. part 382.225. The rule is available at [Requirements for Drug-Free Workplace](#).

## **Debarment and Suspension**

HHS regulations published in 2 CFR part 376 implement the governmentwide debarment and suspension system guidance (2 CFR part 180) for HHS' non-procurement programs and activities. "Non-procurement transactions" include, among other things, grants, cooperative agreements, scholarships, fellowships, and loans. ACF implements the HHS Debarment and Suspension regulations as a term and condition of award. Grantees may decide the method and frequency by which this determination is made and may check the Excluded Parties List System (EPLS) located at <https://www.epls.gov/>, although checking the EPLS is not required. More information is available at [http://www.acf.hhs.gov/grants/grants\\_resources.html](http://www.acf.hhs.gov/grants/grants_resources.html).

## **Pro-Children Act**

The Pro-Children Act of 2001, 42 U.S.C. §§ 7181 through 7184, imposes restrictions on smoking in facilities where federally funded children's services are provided. HHS grants are subject to these requirements only if they meet the Act's specified coverage. The Act specifies that smoking is prohibited in any indoor facility (owned, leased, or contracted for) used for the routine or regular provision of kindergarten, elementary, or secondary education or library services to children under the age of 18. In addition, smoking is prohibited in any indoor facility or portion of a facility (owned, leased, or contracted for) used for the routine or regular provision of federally funded health care, day care, or early childhood development, including Head Start services to children under the age of 18. The statutory prohibition also applies if such facilities are constructed, operated, or maintained with Federal funds. The statute does not apply to children's services provided in private residences, facilities funded solely by Medicare or Medicaid funds, portions of facilities used for inpatient drug or alcohol treatment, or facilities where WIC coupons are redeemed. Failure to comply with the provisions of the law may result in the imposition of a civil monetary penalty of up to \$1,000 per violation and/or the imposition of an administrative compliance order on the responsible entity.

## **HHS Grants Policy Statement**

The HHS Grants Policy Statement (HHS GPS) is the Department of Health and Human Services' single policy guide for discretionary grants and cooperative agreements. ACF grant awards are subject to the requirements of the HHS GPS, which covers basic grants processes, standard terms and conditions, and points of contact, as well as important agency-specific requirements. Appendices to the HHS GPS include a glossary of terms and a list of standard abbreviations for ease of reference. The general terms and conditions in the HHS GPS will apply as indicated unless there are statutory, regulatory, or award-specific requirements to the contrary that are specified in the Notice of Award (NoA). The HHS GPS is available at [http://www.acf.hhs.gov/grants/grants\\_related.html](http://www.acf.hhs.gov/grants/grants_related.html).

## **VI.3. Reporting**

Grantees under this funding opportunity announcement will be required to submit performance progress and financial reports periodically throughout the project period. The frequency of required reporting is listed later in this section. Final reports may be submitted in hard copy to the Grants Management Office Contact listed in *Section VII. Agency Contacts* of this announcement. Instructions on submission of reports electronically will be provided with award documents.

## **Performance Progress Reports (PPR)**

ACF grantees are required to submit the SF-PPR Cover Page. ACF Program Offices that utilize reporting

forms or formats in addition to, or instead of, the SF-PPR have listed the reporting requirements later in this section.

Grant award documents will inform grantees of the appropriate performance progress report form or format to use. Grantees should consult their award documents to determine the appropriate performance progress report format required under their award. Performance progress reports are due 30 days after the end of the reporting period.

Final program performance reports are due 90 days after the close of the project period. The SF-PPR may be found at [http://www.acf.hhs.gov/grants/grants\\_resources.html](http://www.acf.hhs.gov/grants/grants_resources.html).

## **Federal Financial Reports (FFR)**

As of February 1, 2011, HHS began the transition from use of the SF-269, Financial Status Report (Short Form or Long Form) to the use of the SF-425 Federal Financial Report for expenditure reporting. SF-269s will no longer be accepted for expenditure reports due after that date. If an SF-269 is submitted, the ACF will return it and require the recipient to complete the SF-425.

The transition strategy is allowing individual HHS Operating Divisions to select--from a limited number of options--the approach that best fits their programs and business process. This transition does not affect completion or submission of the cash reporting to the HHS Division of Payment Management's Payment Management System (PMS). The primary features of this transition for recipients are that OPDIVs that previously required electronic submission of the SF-269 will receive the SF-425 expenditure reports electronically and, until further notice, OPDIVs that have been receiving expenditure reports in hard copy will continue to do so.

All expenditure reports will be due on one of the standard due dates by which cash reporting is required to be submitted to PMS or at the end of a calendar quarter as determined by the Operating Division. As a result, a recipient that receives awards from more than one OPDIV may be subject to more than one approach, but will not be required to change its current means of submission or be subjected to more than eight standard due dates.

Beginning with budget periods which end from January 1 - March 31, 2011, and for all budget periods thereafter, all affected ACF grantees will be required to submit an SF-425 report as frequently as is required in the terms and conditions of their award using due dates for reports to PMS.

<b>For budget periods ending in the months of:</b>	<b>The FFR (SF-425) is due to ACF on:</b>
January 01 through March 31	April 30
April 01 through June 30	July 30
July 01 through September 30	October 30
October 01 through December 31	January 30

Fillable versions of the SF-425 form in Adobe PDF and MS-Excel formats, along with instructions, are available at [http://www.whitehouse.gov/omb/grants\\_forms](http://www.whitehouse.gov/omb/grants_forms), [www.forms.gov](http://www.forms.gov), and on the [ACF Funding Opportunity Website Forms](#) page.

Further instructions will be provided, as necessary, with award terms and conditions that will address specific reporting periods and due dates on an award-by-award basis. Additional information on

frequency of reporting is available on the ACF Funding Opportunities website at [http://www.acf.hhs.gov/grants/msg\\_sf425.html](http://www.acf.hhs.gov/grants/msg_sf425.html).

For planning purposes, reporting periods for awards made under this announcement are as follows:

Program Progress Reports: Semi-Annually

Financial Reports: Semi-Annually

Awards issued as a result of this funding opportunity may be subject to the Transparency Act subaward and executive compensation reporting requirements of 2 C.F.R. Part 170. See ACF's [Award Term for Federal Financial Accountability and Transparency Act \(FFATA\) Subaward and Executive Compensation Reporting Requirement](#) implementing this requirement and additional award applicability information.

### **SF-428 Tangible Property Report and SF-429 Real Property Status Report**

As of April 1, 2012, the Administration for Children and Families will begin requiring the use of the SF-428 (Tangible Personal Property Form) as well as the SF-429 (Real Property Status Report).

The SF-428 is a standard form to be used by awarding agencies to collect information related to tangible personal property (equipment and supplies) when required by a Federal financial assistance award. The form consists of the cover sheet (SF-428) and three attachments to be used as required: Annual Report; Final (Award Closeout) Report and a Disposition Request/Report. A Supplemental Sheet, SF-428S, may be used to provide detailed individual item information.

The SF-429 is a standard report to be used by recipients of Federal financial assistance to report real property status (Attachment A) or to request agency instructions on real property (Attachments B, C) that was/will be provided as Government Furnished Property (GFP) or acquired (i.e., purchased or constructed) in whole or in part under a Federal financial assistance award (i.e., grant, cooperative agreement, etc.). This includes real property that was improved using Federal funds and real property that was donated to a Federal project in the form of a match or cost share donation. This report is to be used for awards that establish a Federal Interest on real property.

Beginning with budget periods ending September 30, 2012 and for all budget periods thereafter, all ACF grantees will be required to submit (as applicable) an SF-428 and SF-429 report as frequently as is required in the terms and conditions of their award.

The forms are available at [http://www.whitehouse.gov/omb/grants\\_forms](http://www.whitehouse.gov/omb/grants_forms).
